

Thank you very much for your support for the Japan Earthquake and Tsunami Relief charity concert.

The earthquake and tsunami in Japan have killed over 10,000 people. At least a further 17,000 remain missing and around 200,000 people have been evacuated. The money you have given tonight will go to the Japan Society Tohoku Earthquake Relief Fund. They will work with voluntary and community organisations in the most affected prefectures to deliver ongoing support through locally agreed recovery projects. The damage is great and even after the immediate crisis has been dealt with, it will take much time and effort for people to rebuild their lives. We want to be there for them in the long term and your support tonight will help us to do so.

Thank you.
